

# Kronos: The Early Years

As late as August of 1973, the Fabulous Kronos Brothers were little more than amateur musicians playing for spare change on the gritty back streets of Seattle. But in September of that year, a cellist joined the group, and suddenly their whole perspective of music, along with their name, changed. And the rest – except for that mysterious period from July 1991 to January 1992, which is, of course, another story – is history.
